COVID-19 Vaccine roll out support to the State of CA

Context

California continues to face the ongoing COVID-19 pandemic. We have been privileged to partner with CDPH and the Testing Task Force to significantly increase the state's COVID-19 testing capacity in a way that supports the state's public health goals to improve access, equity, timeliness, and sustainability of testing.

As CDPH ramps up its efforts on the COVID-19 vaccine roll out, you have asked for initial support in the areas outlined below. We jointly expect the support needs to evolve over the coming weeks and months. With that in mind, we will work closely with you to dynamically focus our efforts where they can be most impactful. We look forward to partnering with you in this critical new phase of work.

Scope

The intention of the proposal outlined below is to provide necessary support to enable the vaccine program to advance its goals. Based on our discussions, there are two workstreams for which you would like to initiate immediate support:

1. **Communication Organization to LHDs, Providers, and Internal staff**: Focus on organizing incoming/outgoing information, developing Quick Sheets to rapidly locate information, creating systems for quickly responding to emails, monitoring call center volume, managing FAQs, and related processes
2. **Provider enrollment**: Creating a systematic approach, improving workflow and efficiency, helping to manage anticipated changes (IT systems, multiple vaccine products).

The activities and details expected to be associated with each are described below (we will jointly re-prioritize as needed as the rapidly moving situation evolves):

1. **Communication Organization to LHDs, Providers, and Internal staff**
 - Organize the incoming and outgoing information and resources
 - Information from CDC, OWS, Pfizer, Moderna, etc.
 - Process for timely dissemination, updating, and organization of new information to providers/LHDs/internal team, etc.
 - Develop feedback mechanisms
 - Develop/Update Quick Sheets for the State and LHJ teams to locate information

This proposal is the property of McKinsey & Company, Inc, Washington D.C. ("McKinsey") and must not be disclosed outside the Government or be duplicated, used, or disclosed in whole or in part for any purpose other than to evaluate this proposal. If a contract is awarded to McKinsey as a result of, or in connection with, the submission of this proposal, the Government shall have the right to duplicate, use, or disclose the data to the extent provided in the resulting contract and subject to the limitations of the California Public Records Act ("CPRA"), Cal. Gov't. Code §6254 et seq. **This proposal contains confidential, trade secret, and proprietary information and personal information that is exempt from disclosure under the CPRA and other applicable law.** Accordingly, no portion of this proposal should be released without consulting McKinsey. This proposal is contingent on the Parties reaching mutually agreeable terms and conditions and upon acceptance of any limitations described herein.

- Crosswalks of Vaccines
 - Guidance
 - Procedures (e.g., Redistribution)
- Develop/Maintain/Organize Systems processes for quickly responding to emails (call center email)
- Monitor/help triage Provider Call Center volume
- FAQ Management
 - Develop a process and manage questions coming in from various LHD webinars/office hours and calls (HCFs, MCEs, LHDs, public),
 - Support the State team in planning for sharing information back out in multiple platforms and consistent responses
- Develop, document, implement processes
- Support OCM planning for the new IT system (as needed in the time frame)

Note: in all instances above, communications will be geared towards LHDs, Providers, and Internal CDPH Staff (i.e., not the general public). In addition, the McKinsey team will focus on developing processes, and supporting / preparing communication materials for review and distribution by CDPH. None of McKinsey's work will comprise clinical, legal, regulatory or health and safety information or advice.

2. Provider Enrollment

- Develop systematic CDPH approach to provider enrollment
- Improve workflow and efficiency to enable increased provider enrollment
- Help manage change with new anticipated IT systems, multiple vaccine products, etc.
- Provide oversight and project management support as needed

This work will be supported to the best of our ability given our current understanding and the initial timeframe of support from December 28, 2020 to the end of January 2021. To ensure we are focused on your most pressing needs, we will work closely with you on an ongoing basis to assess priorities and focus our attention with your guidance. Should there be a need to adjust our scope and resourcing during this six week period, we will remain flexible to adjusting based on our joint assessment. Given that the vaccination process will not finish within this time period, some of the activities above may flow into subsequent phases of support or be handed over to CDPH/Vaccine Taskforce staff.

At the completion of the initial period, we will jointly assess the ongoing need and draft a phase 2 of support (which may include a broader set of workstreams).

Arrangements

Our total professional fees for this phase (the 2 initial workstreams described above) are outlined in Figure 1 below. This fee reflects professional fees and is inclusive of all expenses incurred and all required supporting resources (e.g., administrative support, production, proprietary tools, benchmarks, data researchers) as well as COVID-specific resources.

Figure 1: Support pricing

	Week of Dec 28th	Jan 4 th to Jan 29 th	<u>Total</u>
Support for two workstreams as described above	\$142,000	\$1,600,000	\$1,742,000

Pre-requisites

The scope of the activities and deliverables outlined above, and associated pricing assumes the following requirements for success:

- McKinsey and CDPH maintain a process to jointly re-prioritize focus areas to ensure on an ongoing basis that resources are deployed against the highest priority activities. Major changes to the prioritization in this document will be communicated by CDPH to McKinsey as soon as possible and will be captured in an email from McKinsey to CDPH to confirm such changes.
- CDPH will onboard the necessary resources to enable the effective handover of responsibilities to CDPH ownership over time
- CDPH will continue to provide clarity on circumstances that may change the scope or expectations of the engagement.

Assumptions

In consideration for the services, the State agrees not to use McKinsey's name or trademark, without McKinsey's prior written permission and understands that McKinsey will not advocate, present findings, or speak on the State's behalf in any public forum without specific written authorization and agreement. The State agrees not to use McKinsey's name externally in relation to the work without McKinsey's prior written permission. Notwithstanding, McKinsey understands and acknowledges that the State may have legal obligations to disclose such information (e.g., as required under Public Disclosure or Freedom of Information Laws), but requests that the State provide prior notification to McKinsey in such a circumstance.

McKinsey will provide fact-based, independent analysis that the client can use to develop its own work and recommendations; McKinsey is not registered as a lobbyist and will not provide advice, opinions or recommendations on policy or political matters nor will it be involved in, or support, any advocacy, policy, or lobbying efforts. McKinsey's services cannot be for the principal purpose of supporting, promoting, influencing, modifying, opposing, delaying, or advancing any legislative or administrative action.

McKinsey will provide the deliverables in the State's name and format, or as designated by the client, but with no reference to McKinsey or use of McKinsey's brand.

The services shall not be deemed medical, investment, legal, tax, accounting or other regulated advice, such as professional advice normally provided by licensed or certified practitioners, and do not constitute policy advice. McKinsey does not supplant the client's management or other decision-making bodies and does not guarantee results. McKinsey's services under this engagement are an extension of and supplement to the government functions performed by the client. The State remains solely responsible for its decisions (including policy decisions), actions, use of the deliverables and compliance with applicable laws, rules and regulations.

McKinsey & Company, Inc. Washington D.C. ("McKinsey") and its affiliates provide consulting services to commercial institutions across all industries and a myriad of non-profit entities. These consulting services include analysis and advice across all areas of business, including on strategy, operations, manufacturing and marketing. As some McKinsey or affiliate clients may be impacted by decisions you make or policies you adopt as a result of McKinsey's work on this engagement apparent or actual organizational conflicts of interest may arise. Prior to awarding a contract to McKinsey, we expect you to determine that either (i) any potential for conflict is not significant or can be appropriately mitigated, or (ii) the applicable rules governing organizational conflicts of interest have been waived.

These services are being provided as covered countermeasures to the COVID-19 epidemic pursuant to the U.S. Department of Health and Human Services' February 4, 2020 Declaration pursuant to the Public Readiness and Emergency Preparedness Act and are to be used as authorized by the public agency to which they ultimately are provided.

 - 2) Invoices must be submitted to CDPH either electronically or in hard copies.
 - 3) Identify the billing and/or performance period covered by the invoice.
 - 4) Itemize costs for the billing period in the same or greater level of detail as indicated in this agreement. 2. Budget Contingency Clause

In this event, the State shall have no liability to pay any funds whatsoever to Contractor or to furnish any other considerations under this Agreement and Contractor shall not be obligated to perform any provisions of this Agreement.
- B. If funding for any fiscal year is reduced or deleted by the Budget Act for purposes of this program, the State shall have the option to either cancel this Agreement with no liability occurring to the State, or offer an agreement amendment to Contractor to reflect the reduced amount.

Exhibit B
Budget Detail and Payment Provisions

3. Prompt Payment Clause

4. Timely Submission of Final Invoice

- A. A final undisputed invoice shall be submitted for payment no more than *thirty (30)* calendar days following the expiration or termination date of this agreement, unless a later or alternate deadline is agreed to in writing by the program contract manager. Said invoice should be clearly marked "Final Invoice", indicating that all payment obligations of the State under this agreement have ceased and that no further payments are due or outstanding. The State may, at its discretion, choose not to honor any delinquent final invoice if the Contractor fails to obtain prior written State approval of an alternate final invoice submission deadline.

5. Expense Allowability / Fiscal Documentation

- A. Invoices, received from the Contractor and accepted for payment by the State, shall not be deemed evidence of allowable agreement costs.
- B. Contractor shall maintain for review and audit and supply to CDPH upon request, adequate documentation of all expenses claimed pursuant to this agreement to permit a determination of expense allowability.
- C. If the allowability of an expense cannot be determined by the State because invoice detail, fiscal records, or backup documentation is nonexistent or inadequate according to generally accepted accounting principles or practices, all questionable costs may be disallowed and payment may be withheld by the State. Upon receipt of adequate documentation supporting a disallowed or questionable expense, reimbursement may resume for the amount substantiated and deemed allowable.

6. Recovery of Overpayments

- A. Contractor agrees that claims based upon the terms of this agreement or an audit finding and/or an audit finding that is appealed and upheld, will be recovered by the State by one of the following options:
 - 1) Contractor's remittance to the State of the full amount of the audit exception within 30 days following the State's request for repayment;
 - 2) A repayment schedule agreeable between the State and the Contractor.
- B. The State reserves the right to select which option as indicated above in paragraph A will be employed and the Contractor will be notified by the State in writing of the claim procedure to be utilized.
- C. Interest on the unpaid balance of the audit finding or debt will accrue at a rate equal to the monthly average of the rate received on investments in the Pooled Money Investment Fund commencing on the date that an audit or examination finding is mailed to the Contractor, beginning 30 days after Contractor's receipt of the State's demand for repayment.

Exhibit B

Budget Detail and Payment Provisions

- D. If the Contractor has filed a valid appeal regarding the report of audit findings, recovery of the overpayments will be deferred until a final administrative decision on the appeal has been reached. If the Contractor loses the final administrative appeal, Contractor shall repay, to the State, the over-claimed or disallowed expenses, plus accrued interest. Interest accrues from the Contractor's first receipt of State's notice requesting reimbursement of questioned audit costs or disallowed expenses.

Special Terms and Conditions

- 4) In the performance of this Agreement, Contractor will exercise and utilize certain of its Intellectual Property in existence prior to the effective date of this Agreement. In addition, under this Agreement, Contractor may access and utilize certain of CDPH's Intellectual Property in existence prior to the effective date of this Agreement. Except as otherwise set forth herein, Contractor shall not use any of CDPH's Intellectual Property now existing or hereafter existing for any purposes without the prior written permission of CDPH. **Except as otherwise set forth herein, neither the Contractor nor CDPH shall give any ownership interest in or rights to its Intellectual Property to the other Party.** If during the term of this Agreement, Contractor accesses any third-party Intellectual Property that is licensed to CDPH, Contractor agrees to abide by all license and confidentiality restrictions applicable to CDPH in the third-party's license agreement.
- 5) Contractor agrees to cooperate with CDPH in establishing or maintaining CDPH's exclusive rights in the Intellectual Property, and in assuring CDPH's sole rights against third parties with respect to the Intellectual Property. If the Contractor enters into any agreements or subcontracts with other parties in order to perform this Agreement, Contractor shall require the terms of the Agreement(s) to include all Intellectual Property provisions. Such terms must include, but are not limited to, the subcontractor assigning and agreeing to assign to CDPH all rights, title and interest in Intellectual Property made, conceived, derived from, or reduced to practice by the subcontractor, Contractor or CDPH and which result directly or indirectly from this Agreement or any subcontract.
- 6) Contractor further agrees to assist and cooperate with CDPH in all reasonable respects, and execute all documents and, subject to reasonable availability, give testimony and take all further acts reasonably necessary to acquire, transfer, maintain, and enforce CDPH's Intellectual Property rights and interests.

B. Retained Rights / License Rights

- 1) Except for Intellectual Property made, conceived, derived from, or reduced to practice by Contractor or CDPH and which result directly or indirectly from this Agreement, Contractor shall retain title to all of its Intellectual Property to the extent such Intellectual Property is in existence prior to the effective date of this Agreement. Contractor hereby grants to CDPH, without additional compensation, a permanent, non-exclusive, royalty free, paid-up, worldwide, irrevocable, perpetual, non-terminable license to use, reproduce, manufacture, sell, offer to sell, import, export, modify, publicly and privately display/perform, distribute, and dispose Contractor's Intellectual Property with the right to sublicense through multiple layers, for any purpose whatsoever, to the extent it is incorporated in the Intellectual Property resulting from this Agreement, unless Contractor assigns all rights, title and interest in the Intellectual Property as set forth herein.
- 2) Nothing in this provision shall restrict, limit, or otherwise prevent Contractor from using any ideas, concepts, know-how, methodology or techniques related to its performance under this Agreement, provided that Contractor's use does not infringe the patent, copyright, trademark rights, license or other Intellectual Property rights of CDPH or third party, or result in a breach or default of any provisions of this Exhibit or result in a breach of any provisions of law relating to confidentiality.

This material may not be reproduced or disseminated without prior written permission from the California Department of Public Health." This notice should be placed prominently on the materials and set apart from other matter on the page where it appears. Audio productions shall contain a similar audio notice of copyright.

D. Patent Rights

With respect to inventions made by Contractor in the performance of this Agreement, which did not result from research and development specifically included in the Agreement's scope of work, Contractor hereby grants to CDPH a license as described under Paragraph b of this provision for devices or material incorporating, or made through the use of such inventions. If such inventions result from research and development work specifically included within the Agreement's scope of work, then Contractor agrees to assign to CDPH, without additional compensation, all its right, title and interest in and to such inventions and to assist CDPH in securing United States and foreign patents with respect thereto.

E. Third-Party Intellectual Property

Except as provided herein, Contractor agrees that its performance of this Agreement shall not be dependent upon or include any Intellectual Property of Contractor or third party without first: (i) obtaining CDPH's prior written approval; and (ii) granting to or obtaining for CDPH, without additional compensation, a license, as described in Paragraph b of this provision, for any of Contractor's or third-party's Intellectual Property in existence prior to the effective date of this Agreement. If such a license upon the these terms is unattainable, and CDPH determines that the Intellectual Property should be included in or is required for Contractor's performance of this Agreement, Contractor shall obtain a license under terms acceptable to CDPH.

F. Warranties

- 1) Contractor represents and warrants that:
 - a. It is free to enter into and fully perform this Agreement.
 - b. It has secured and will secure all rights and licenses necessary for its performance of this Agreement.
 - c. Neither Contractor's performance of this Agreement, nor the exercise by either Party of the rights granted in this Agreement, nor any use, reproduction, manufacture, sale, offer to sell, import, export, modification, public and private display/performance, distribution, and disposition of the Intellectual Property made, conceived, derived from, or reduced to practice by Contractor or CDPH and which result directly or indirectly from this Agreement will infringe upon or violate any Intellectual Property right, non-disclosure obligation, or other proprietary right or interest of any third-party or entity now existing under the laws of, or hereafter existing or issued by, any state, the United States, or any foreign country. There is currently no actual or threatened claim by any such third party based on an alleged violation of any such right by Contractor.

Exhibit D
Special Terms and Conditions

- d. Neither Contractor's performance nor any part of its performance will violate the right of privacy of, or constitute a libel or slander against any person or entity.
 - e. It has secured and will secure all rights and licenses necessary for Intellectual Property including, but not limited to, consents, waivers or releases from all authors of music or performances used, and talent (radio, television and motion picture talent), owners of any interest in and to real estate, sites, locations, property or props that may be used or shown.
 - f. It has not granted and shall not grant to any person or entity any right that would or might derogate, encumber, or interfere with any of the rights granted to CDPH in this Agreement.
 - g. It has appropriate systems and controls in place to ensure that state funds will not be used in the performance of this Agreement for the acquisition, operation or maintenance of computer software in violation of copyright laws.
 - h. It has no knowledge of any outstanding claims, licenses or other charges, liens, or encumbrances of any kind or nature whatsoever that could affect in any way Contractor's performance of this Agreement.
- 2) CDPH MAKES NO WARRANTY THAT THE INTELLECTUAL PROPERTY RESULTING FROM THIS AGREEMENT DOES NOT INFRINGE UPON ANY PATENT, TRADEMARK, COPYRIGHT OR THE LIKE, NOW EXISTING OR SUBSEQUENTLY ISSUED.

G. Intellectual Property Indemnity

- 1) Contractor shall indemnify, defend and hold harmless CDPH and its licensees and assignees, and its officers, directors, employees, agents, representatives, successors, and users of its products, ("Indemnitees") from and against all claims, actions, damages, losses, liabilities (or actions or proceedings with respect to any thereof), whether or not rightful, arising from any and all actions or claims by any third party or expenses related thereto (including, but not limited to, all legal expenses, court costs, and attorney's fees incurred in investigating, preparing, serving as a witness in, or defending against, any such claim, action, or proceeding, commenced or threatened) to which any of the Indemnitees may be subject, whether or not Contractor is a party to any pending or threatened litigation, which arise out of or are related to (i) the incorrectness or breach of any of the representations, warranties, covenants or agreements of Contractor pertaining to Intellectual Property; or (ii) any Intellectual Property infringement, or any other type of actual or alleged infringement claim, arising out of CDPH's use, reproduction, manufacture, sale, offer to sell, distribution, import, export, modification, public and private performance/display, license, and disposition of the Intellectual Property made, conceived, derived from, or reduced to practice by Contractor or CDPH and which result directly or indirectly from this Agreement. This indemnity obligation shall apply irrespective of whether the infringement claim is based on a patent, trademark or copyright registration that issued after the effective date of this Agreement. CDPH reserves the right to participate in and/or control, at Contractor's expense, any such infringement action brought against CDPH.
- 2) Should any Intellectual Property licensed by the Contractor to CDPH under this Agreement become the subject of an Intellectual Property infringement claim, Contractor will exercise its authority reasonably and in good faith to preserve CDPH's right to use the licensed Intellectual Property in accordance with this Agreement at no expense to CDPH. CDPH shall have the right to monitor and appear through its own counsel (at Contractor's expense) in any such claim or action. In the defense or settlement of the claim, Contractor may obtain the right for CDPH to continue using the licensed Intellectual Property; or, replace or modify the licensed Intellectual Property so that the replaced or modified Intellectual Property becomes non-infringing provided that such replacement or modification is functionally equivalent to the original licensed Intellectual Property. If such

Exhibit D

Special Terms and Conditions

remedies are not reasonably available, CDPH shall be entitled to a refund of all monies paid under this Agreement, without restriction or limitation of any other rights and remedies available at law or in equity.

- 3) Contractor agrees that damages alone would be inadequate to compensate CDPH for breach of any term of this Intellectual Property Exhibit by Contractor. Contractor acknowledges CDPH would suffer irreparable harm in the event of such breach and agrees CDPH shall be entitled to obtain equitable relief, including without limitation an injunction, from a court of competent jurisdiction, without restriction or limitation of any other rights and remedies available at law or in equity.

H. Federal Funding

In any agreement funded in whole or in part by the federal government, CDPH may acquire and maintain the Intellectual Property rights, title, and ownership, which results directly or indirectly from the Agreement; except as provided in 37 Code of Federal Regulations part 401.14; however, the federal government shall have a non-exclusive, nontransferable, irrevocable, paid-up license throughout the world to use, duplicate, or dispose of such Intellectual Property throughout the world in any manner for governmental purposes and to have and permit others to do so.

I. Survival

The provisions set forth herein shall survive any termination or expiration of this Agreement or any project schedule.

3. Confidentiality of Information

- A. The Contractor and its employees, agents, or subcontractors shall protect from unauthorized disclosure names and other identifying information concerning persons either receiving services pursuant to this Agreement or persons whose names or identifying information become available or are disclosed to the Contractor, its employees, agents, or subcontractors as a result of services performed under this Agreement, except for statistical information not identifying any such person.

regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.
