Exhibit A, Attachment 2: Additional COVID-19 Support to CDPH

1.0 Flexible Scope of Work

CDPH expects to request McKinsey to perform additional scopes of work relating to COVID-19 under this contract. In order to enable maximum flexibility to CDPH for defining future scopes of work, McKinsey and CDPH will proceed as follows.

- a) McKinsey will begin working on the scope described below in 2.0 Initial Scope, with the team size described there.
- b) The payment methodology and team rates are as set out in 1.1 and 1.2 below.
- c) If needs change from week to week, McKinsey and CDPH will agree upon any changes to the technical direction and team size.
- d) Any such mutually agreed upon changes in technical direction within the general scope of the contract will be memorialized by CDPH in an email from the CDPH Technical Manager. This email will be sent to Rohit Kumar, Partner at Rohit_Kumar@mckinsey.com with a copy to the CDPH Procurement Officer and to Courtney Magill, Contracts Manager at Courtney_Magill@mckinsey.com.
- e) This email shall be sent no later than the Thursday prior to the week of performance.
- f) In the absence of any such email, McKinsey will send a notification email on Friday informing CDPH that in accordance with Exhibit A, Attachment 2, it will continue on with the same team and technical direction.
- g) CDPH may terminate the work at any point by giving notice for end of week termination by email. McKinsey will wrap up the effort and provide the relevant deliverable(s) on a best-effort basis by the end of that week and terminate the support.

1.1 Payment Methodology

McKinsey shall be compensated based on the rates set forth below, as authorized by the procedure described above. In no instance shall the total value of this Amendment exceed \$1,000,000.00. The “Maximum Amount of this Agreement” set forth in Box 3 of STD 213 is hereby amended to include this total.

1.2 Team Rates

McKinsey’s COVID-19 rates, applicable for work ordered by December 31, 2020, are as follows:

McKinsey Team	COVID-19 Weekly Rate	Full-Time Dedicated Consulting Team	Part-Time Leadership and Additional Resources
----------------------	-----------------------------	--	--

Team C	\$165,000	Engagement Manager and 3 Associates or Business Analysts	<p>*Content Experts who bring expertise and experience on industry and functional topics.</p>
Team D	\$178,000	Engagement Manager and 4 Associates or Business Analysts	<p>*Proprietary knowledge and tools that help our clients solve problems more efficiently and effectively.</p> <p>*Support for new solutions and advance analytics.</p> <p>*Research team that is available around-the-clock to answer clients' questions about issues such as best practices or important trends</p> <p>*Graphic Design team</p>
Team E	\$43,000	1 Associate or Business Analyst	<p>*Committed leadership by one McKinsey partner</p> <p>*Content Experts</p> <p>*Proprietary knowledge and tools</p> <p>*Support for new solutions and advanced analytic techniques.</p> <p>*Around-the clock research team</p> <p>*Graphic design team</p>

2.0 Initial Scope

The initial scope of work under this Attachment 2 shall be as follows:

- a. Lab list enhancements

- Support the design of the enhanced lab list as a strategic pillar to ensuring availability of testing options for entities across CA
- Compare potential options for regular lab list updates (e.g., regular survey, Lab Testing Metrics App)
- ~~Develop~~ **Provide inputs to inform** requirements for the option selected by CDPH and support operationalization (e.g., test updated Lab Metrics App, support onboarding of additional labs, etc.)
- Create a playbook of the operational steps/requirements to add labs to the labs list (e.g., use of Lab Testing Metrics App, lab point of contact for LFS)
- Update lab list format for distribution to make it interactive and easier to use
- Develop communication to support lab list distribution and usage (e.g., outgoing communication, approach to gather feedback from stakeholders)

~~b. Testing supplies~~

- ~~Identify supply shortages that significantly impact lab TAT and processing volume (e.g., reagents, kits)~~
- ~~Operationalize tools to regularly track lab supplies availability (e.g., reports based on data from Lab Testing Metrics App)~~
- ~~Work with experts to identify and assess feasibility of lab supply alternatives as well as process alternatives to maximize use of current supplies (e.g., pooling)~~
- ~~Support outreach to manufacturers to determine near- and long-term options to resolve lab supply shortages~~

TTF2.0 Strategy and Governance

- **Articulate options for the TTF 2.0 goals and focus areas based on inputs from the Taskforce co-chairs and members**
- **Work closely with the workstream leads and the Taskforce co-chairs to develop full workstream charters, including milestones, activities, timelines, roles, responsibilities, and resourcing needs**
- **Refine and clarify the TTF 2.0 working model, including cadence, agenda, and roles for key meetings; operationalize the approved working model**
- **Outline and compare potential options for the TTF 2.0 overall and workstream-specific performance metrics**
- **Identify data sources for performance metrics; develop approaches to calculate performance metrics; design and operationalize tools to enable regular performance monitoring**
- **Consolidate and streamline TTF 2.0 reporting, including both existing and new reports and dashboards; outline options and develop a roadmap for reporting automation**
- **Refresh assessment of potential testing needs in California, total and for selected population cohorts**

The initial team size required is anticipated as 6 weeks of Team B. **We expect to start on this scope on 08/03/2020.** Any changes to the initial team size will be initiated using the process described in Section 1 above.

3.0 Assumptions

The Assumptions as stated in Exhibit A, Attachment 1 are also applicable to this Attachment 2 and all work performed under this Agreement.
