Emergency Proclamation (COVID-19)

EXHIBIT A – SCOPE OF WORK

Overview

Verily has developed a model for a COVID-19 screening and drive-thru sample collection and testing program for eligible individuals (the “**Program**”) and is collaborating with the State, Counties, and other government authorities to deploy the Program due to the Governor’s State of Emergency Proclamation dated March 4, 2020 and Executive Order N-25-20, in response to COVID-19, and deployment and operation of the Program is directly related to that emergency and intended for the preservation of public health and safety.

Verily has deployed a Verily-operated version of the Program in San Mateo County and Santa Clara County (the “**Verily-Operated Sites**”), a Verily-County jointly-operated version of the Program in Riverside County and Sacramento County (the “**Verily-County Sites**”), and a County-operated version of the Program in San Joaquin County, Los Angeles County, and the City and County of San Francisco (collectively, the “**Sites**”).

The parties acknowledge that Verily donated some services and costs to develop and implement the **Screening Platform, perform research and data analytics and to implement the Program** at the **Sites** for which Verily agrees it will not seek compensation from the State. As to non-donated services and costs, this Agreement addresses the sole compensation the State agrees to pay Verily for the reimbursement of third party services and a portion of its costs through April 17, 2020 as detailed in Exhibit B.

Services

Set forth below are the Verily and State/County Activities applicable to the **Sites** (as needed) for the period covered in this Agreement:

Verily Activities. At State’s direction with respect to each County, and subject to each such County’s willingness to collaborate and to abide by the terms of this Agreement, Verily will perform certain activities in collaboration with State and each County in support of State and Counties’ operation of the Program as follows (collectively, the “**Verily Activities**”):

- 1.1. **Screening Platform.** Verily will use the screening platform established through Verily’s Project Baseline website (the “**Platform**”) to screen Participants for eligibility for the Program. The parties acknowledge and agree that the eligibility criteria are based on national and state recommendations, and may evolve over time. State acknowledges and agrees that Verily has the right to alter the eligibility criteria based on directives received from State, through its authorized representative(s) nominated by the Governor’s office, or national government at any time.
- 1.2. **Scheduling.** Subject to each County’s performance of its obligations as set forth in Section 2.2, Verily will use best efforts to schedule eligible Participants for sample collection at the Site during the hours of operation mutually established between Verily and the relevant County, or as otherwise agreed by the parties.
- 1.3. **Verily-Operated Sites On-Site Activities.** For the Verily-Operated Sites, Verily is responsible for all end-to-end operations in connection with the Program, including event space, supplies, staffing (including contracted HCPs), security, and day-to-day logistics.

- 1.4. **Call Center Support.** Verily will operate a call center to provide support to Participants experiencing issues with using the Platform or scheduling an appointment. Call center support is expected to be available for business hours on a best efforts basis. For clarity, the call center may be operated by Verily or its affiliates or third party contractors.
- 1.5. **Playbook.** Verily will provide State and County personnel with a copy of the site set-up playbook for the Program, which includes recommendations regarding deployment and operation of the Program (the “**Playbook**”).
- 1.6. **Initial Setup.** Verily will provide County personnel with: (i) the Playbook, (ii) training on the Platform, including the scheduling and booking system required for County personnel to input schedule and test availability at the site, and (iii) either a recommendation for requisition and label printing hardware or a Verily-provided requisition and label printing hardware, at Verily’s option. Each County will be responsible for establishing appropriate IT and internet infrastructure.
- 1.7. **On-site Setup Support for Other Sites.** For the Verily-County Sites, at the relevant County’s request, Verily has deployed personnel, which include an on-site operations liaison (the “**Ops Liaison**”) and a clinical liaison to provide guidance regarding handling of participant data and requisitions (the “**Requisitions Liaison**”) and, together with the Ops Liaison, the “**Verily Personnel**”) to assist County staff with on-site set-up and initial deployment of the Program at the Verily-County Sites. If Verily has provided on-site set-up support for a County, the parties will work together to appropriately transition handling of participant data and requisitions from the Requisitions Liaison to a County representative promptly after the initial set-up activities are complete.
- 1.8. **Requisitions and Labels.** Verily will be responsible for contracting with a third party (the “**Requisition Provider**”) to approve requisitions for screening for eligible Participants and to provide each County with a method of obtaining the necessary labels for sample collection. If Verily determines that an alternative approach to requisitions and labeling has become feasible during the course of the Program, Verily will notify State and/or the applicable Counties and the parties will collaborate in good faith to adjust the workflow and third party contracting, as appropriate, to accommodate the new approach.
- 1.9. **Lab Testing.** Verily will be responsible for contracting with a laboratory to conduct all testing of samples collected through the Program (the “**Testing Lab**”). If Verily determines that an alternative approach to laboratory testing has become feasible during the course of the Program, Verily will notify State and/or the applicable Counties and the parties will collaborate in good faith to adjust the workflow and third party contracting, as appropriate, to accommodate the new approach.
- 1.10. **Return of Results.** Subject to receipt of the test results from the Testing Lab, Verily will require that the Requisition Provider communicates the results of each test to the applicable Participant. The parties acknowledge and agree that the method of return of results may change over time, subject to mutual agreement of the parties.
- 1.11. **Supplies.** State acknowledges and agrees that all supplies, including sample collection kits (“**Test Kits**”) and personal protective equipment (“**PPE**”), are to be directly sourced by each County (including any supplies available from FEMA, State or the Federal Government). Notwithstanding the foregoing, Verily will release Test Kits and/or PPE made available to Verily from the State and/or federal supply stockpiles to each Site to the extent those supplies are available. Furthermore, Verily will also use reasonable efforts to provide such supplies to each Site which it has directly procured from other sources during the initial two to four weeks of launch of a new Site. For clarity, State acknowledges and agrees that supplies for the Program are scarce and that Verily is not making a firm commitment regarding the number of Test Kits or PPE that may be provided or released by Verily to any

individual County for use by County at its Site, and Verily does not have an obligation to source or provide any supplies, including Test Kits and PPE that it has procured on its own.

2. **State and County Activities.** State and/or the applicable County will perform certain activities in collaboration with Verily in connection with its operation of the Program as follows (collectively, the “**State/County Activities**”):
 - 2.1. **On-site Logistics and Supplies.** Except as set forth in Section 1.11 or as otherwise agreed by the parties, State or County will be responsible for all logistics and directly sourcing and purchasing supplies for the Program at the Site, including without limitation, engagement with the Site operator, personnel to staff the Program at the Site (including health care providers, security, etc), PPE supplies, and test kits.
 - 2.2. **Scheduling and Capacity Information.** Each County will provide Verily with all necessary information regarding scheduling and capacity at its Site in order to facilitate Verily’s ability to perform the scheduling activities described in Section 1.2. Without limiting the foregoing, each County will provide Verily with a daily schedule (i.e., hours of operation for the Site), daily sample collection capacity estimates, and a daily report on the number of registered Participants who completed their appointments at the Site. This information will be communicated by County to Verily through the Platform (or other tools as mutually agreed to by the Parties).
 - 2.3. **Requisitions and Labels.** Each County is responsible for printing and appropriate handling of requisitions and labels for sample collection, including ensuring that samples are labeled according to lab requirements and protocols and that Participant Data is appropriately protected and secured.
 - 2.4. **Sample Collection.** Each County will be responsible for engaging health care providers (or other appropriately qualified personnel) to conduct sample collection at the Site (the “**HCPs**”), except as may be otherwise agreed to by the parties. Each party will ensure that HCPs engaged by such party for purposes of this Agreement abide by all applicable laws in the performance of their duties, and will ensure that completed Test Kits are provided to the Testing Lab (as defined below). If a County is not able to provide HCPs for the first two to four weeks of the Program at a Site, Verily will assist the County with the procurement of HCPs for the first two to four weeks of the launch of the applicable Site, with the intention that the County will take over this responsibility on an ongoing basis. Notwithstanding the foregoing, each County is responsible for ensuring that samples are collected, handled, stored, and transferred to the Testing Lab in accordance with lab protocols and requirements.
 - 2.5. **Personal Protective Equipment.** If Verily is providing on-site support for a County, such County will provide personal protective equipment, as recommended by relevant public health authorities, to Verily Personnel while onsite at the Site; provided that, if mutually agreed between a County and Verily, Verily may provide its own PPE for the first two to four weeks after Program launch at the applicable Site.
 - 2.6. **Miscellaneous Responsibilities.** For clarity, State and/or the applicable County is responsible for all activities in connection with the deployment and operation of the Program at the Site other than the Verily Activities expressly described in this Agreement. State and/or the applicable County’s responsibilities include, without limitation, security, traffic control, site relations, community relations, government relations, and biohazard control (including containment and removal). State and/or the applicable County will provide adequate security to safeguard all of the supplies and materials used in connection with the Program. State and/or the applicable County will be responsible for operating and maintaining the Site in accordance with federal, state and local laws and regulations.

2.7. County Responsibilities. The State will provide a copy of this Agreement to participating Counties so Counties are informed of and agree to their obligations as described. Without limiting the foregoing, each County must agree to be bound by the provisions set forth in Section 4.2 and must sign a copy of the data transfer terms and acknowledgment attached to this Agreement as Exhibit A--Attachment 1 in order to receive Participant Data from Verily.

3. Research and Data Analytics.

3.1. Participant Data. The parties acknowledge and agree that Verily will have access to certain Participant information and data, which may include, without limitation, contact information, screener questionnaire responses, test results and other personally identifiable information (collectively, the “**Participant Data**”) as a result of the performance of the Verily Activities, and that the State, the Counties, and other governmental authorities have requested and may request from time to time that Verily provide such Participant Data to State, Counties, and/or such governmental authorities and conduct research and data analytics using such Participant Data, in each case, for purposes of carrying out the legitimate public health mission of such governmental authority, including infectious disease control and prevention (the “**Purpose**”).

3.2. State and County Data License. Subject to the terms and conditions of this Agreement, Verily hereby grants to State and each County a non-exclusive, non-transferable, non-sublicenseable, royalty-free, fully paid-up license to use the Participant Data solely for the Purpose.

3.3. Data Delivery. Verily will deliver Participant Data to State and, subject to Section 2.7, applicable Counties in a format and on a cadence as set forth in the Data Transfer Plan attached hereto as Exhibit F, or as may be mutually agreed by Verily and the applicable recipient of such Participant Data, and in all cases such data transfer will be conducted in a secure manner using encryption.

3.4. Verily’s Data Use. Verily may use Participant Data for performing the Verily Activities and overall program administration, including generation of aggregate and de-identified data for such purposes; however, Verily will otherwise conduct research and analytics on the Participant Data only (a) at the request of State, through its authorized representative, a County, the federal government, or other relevant governmental authorities for the Purpose or (b) as otherwise authorized by Participants. Verily will handle collection, maintenance, and deletion of Participant Data in accordance with the terms and conditions of the authorization form and privacy policy applicable to the Program.

4. Representations and Warranties.

4.1. Each party represents and warrants that it has full power and authority to enter into and fulfill its obligations under this Agreement and to agree to the terms set forth herein. State further represents and warrants that it or the applicable County has obtained and will maintain all necessary and appropriate permissions, authorizations, consents and other rights necessary to perform the State/County Activities, including to use the Participant Data for the Purpose and share Participant Data as contemplated by this Agreement.

4.2. The parties acknowledge and agree that Participant Data (i) is collected and/or will be collected by Verily subject to the terms and conditions set forth in the authorization form and privacy policy applicable to the Program, copies of which have been made available to State, and (ii) includes sensitive personally identifiable information, including health information, and such Participant Data must be handled accordingly. To that end: State

represents, warrants, and covenants that it (a) has read and understood the authorization form and privacy policy applicable to the Program, (b) will use the Participant Data only for the Purpose, consistent with the authorization form and privacy policy applicable to the Program, and for no other purposes, (c) will have and maintain reasonable and appropriate technical, physical and administrative safeguards to protect the Participant Data, (d) will ensure that anyone acting on its behalf is subject to or otherwise provides equivalent or greater protections for the privacy and security of Participant Data as described in this Agreement, and (e) will not otherwise share or disclose Participant Data to any third party or any other governmental agency or authority, except as required by law, and in all cases limited to the Purpose.

5. **30-day Termination.** Either party may terminate this Agreement on thirty (30) days' notice to the other party. Section 2.7, 3.1, Section 3.2, Section 3.4, Section 4, this Section 5, Section 7, all Data Transfer Terms and Acknowledgements signed by the Counties (Exhibit A - Attachment 1), and Exhibit D Section 2 shall survive expiration or termination of this Agreement.
6. **Additional Terms.** Certain Federal and State Terms are attached as Exhibits as part of the Agreement. Notwithstanding the foregoing or anything contained in the Federal and State Terms, State acknowledges that, in light of the COVID-19 emergency and the urgency of the activities contemplated by this Agreement, Verily may not be able to pass through such terms to its subcontractors. State acknowledges and agrees that any failure by Verily to pass through such terms to subcontractors will not be deemed to be a breach of this Agreement and Verily will not be liable for any such failure.
7. **Miscellaneous.** All notices to Verily must be sent to verily-counsel@verily.com. All notices to State must be sent to Jennifer Hogan (Jennifer.Hogan@CalOES.ca.gov). Neither party may assign or transfer its rights or obligations under this Agreement, without the prior written consent of the other party. Verily may perform its activities under this agreement itself or through affiliates or third parties, provided that Verily remains responsible for performance under this Agreement. This Agreement does not create any agency, partnership, or joint venture between the parties. This Agreement sets out all the terms agreed between the parties and supersedes all other agreements between the parties relating to its subject matter.
8. **Counterparts.** This agreement may be executed in any number of counterparts, each of which will be an original, but all of which together will constitute one instrument.

To that end, County represents, warrants, and covenants that it (a) has read and understood the authorization form and privacy policy applicable to the Program, (b) will use the Participant Data only for the Purpose (as defined in the Agreement), consistent with the authorization form and privacy policy applicable to the Program, and for no other purposes, (c) will have and maintain reasonable and appropriate technical, physical and administrative safeguards to protect the Participant Data, (d) will ensure that anyone acting on its behalf is subject to or otherwise provides equivalent or greater protections for the privacy and security of Participant Data as described in the Agreement, and (e) will not otherwise share or disclose Participant Data to any third party or any other governmental agency or authority, except as required by law, and in all cases limited to the Purpose.

County further acknowledges and agrees that Verily is relying on these representations, warranties, and covenants and that they are a pre-condition to County’s receipt of Participant Data from Verily in connection with the Program.
